New York Stock Exchange.

New York, June 15.—11 a. m.—The stock market opened active and strong this morning, at advances after last evening's final figures of from 1/2 to 3/4 per cent. the latter in New England and Northern Pacific preferred. The activity was of but short duration, however, and the market became quiet, and although further slight advances were recorded in early dealings, prices early began to sag. A better tone was noticeable late in the hour, and the best figures were then reached. The most conspicuously active stocks were Erie, Reading and Texas Pacific, with moderate business in the remainder of the list. At 11 o'clock the market was quiet but firm. The stock market was quiet after 11 o'clock, but the firm tone disappeared from the dealings, and later a decided weakness was developed in the list accompanied by a large increase in the amount of business done. Jersey Central suddenly broke 2 1/2 per cent. and New England 1 1/2, while the losses in the remainder were confined to fractional amounts. The decline was quickly checked, and Jersey Central recovered 1 1/2 per cent. and the others fractions. The market became very dull and steady to firm, and so remained until noon.

The stock market was weak from noon until shortly before 1 p. m. when a gradual recovery began, which continued until 2 p. m. when the market became heavy, but after a few moments it became firm and so continued until the close.

There was more confidence in stocks this morning, which was aided by purchases for foreign account and reassuring advices from Chicago that the break was over. Later, however, the tenor of the Chicago dispatches underwent a change, and the failure of a Chicago house, a member of the Stock Exchange here, was announced. The bears immediately attacked the list, paying most attention to the Coalters, and were especially attentive to Reading and Jersey Central. The latter yielded readily and broke early three points. The market continued unsettled and irregular throughout the day, and money was again manipulated up to 8 per cent. There was good buying, however, late in the afternoon and with very few exceptions, the final losses are for insignificant fractions only. Some disappointment was caused by the failure of Vanderbilt to declare the expense dividends to-day, and this was made a pretext by traders upon those properties, but they received good support and their fluctuations were very light. A reduction in rates for sterling exchange, late in the day, also tended to the closing quiet, but firm, close to the opening figures. A majority of the active list are small fractions higher this evening. Denver preferred is up 1 1/2. The declines are comparatively few and confined to insignificant fractions with the exception of Jersey Central, which shows a loss of 1 1/2.

Chicago Produce Market.

Chicago, June 15.

The announcement in regard to Kershaw & Co. seems to have been well founded, and that firm is apparently meeting all claims. Rumors put the amount of money at their command at \$1,000,000. Bears are steadily plundering the market, however, and prices, since 10 o'clock, have declined. At 10:10 wheat was 76, from there it dropped to 74 1/2, then up to 74 and then down to 73 1/2. June option also declined, selling at 73 1/2, at 10:10 and 73 at 10:30, remaining 73 at 11 a. m. July advanced again, and at 11 a. m. so'd at 73 1/2. The last raid by the bears has had a disgusting effect on the board and there is a renewal of the nervous excitement and uncertainty of yesterday, increased by the rumor that Kershaw & Co. would margin their wheat pit to 75 cents only. At 10:30 the wheat pit was as quiet as on any ordinary day. The bears made another raid on July wheat and it sold down by jumps to 73 1/2, to 73 1/2, then up to 73 1/2, and back again to 73. The pit is once more all nervous excitement and uncertainty. Members who had sought other pits during the calm have returned to wheat. At 11:20 a. m. the liberal orders to buy wheat are coming in from outside points and the market is becoming stronger. July sold up to 74 and is now quoted at 73 1/2 with a stronger tendency.

The excitement in the pit is increasing, and the bears are savagely raiding the market. At 11:52 a. m., July wheat sold down to 72 1/2; from there it dropped to 72 1/2, then to 72 1/2, then to 72 1/2, and then at one jump to 71. Another drop of 1/2 cent was recorded at 12:02, when the market touched 70 1/2; then it advanced in jumps of 1/2 cent, to 70 and 70 1/2, then back to 70 1/2, and at 12:11 p. m. was 70 1/2 for July and 71 1/2 for June.

 Lard—Easier; cash, 6 1/2; July, 6 1/2; August, 7 1/2.

New York General Markets.

New York, June 15.—Hops, quiet, steady; State, 10 @ 20; California, 7 @ 22. Coffee, spot, fair; Rio, steady, 20; options higher, fairly active. Sales, 170,000 bags; July, 17.20 @ 18.00; August, 17.00 @ 18.40; September, 17.85 @ 18.70; October, 18.00 @ 18.80; November, 18.50 @ 18.85; December, 18.40 @ 18.90; January, 18.25 @ 18.80. Sugar, slow, nominal. Fair refining quoted 7-16; refined, quiet; cut loaf and crushed, 6-16 @ 6 1/2. Wool, quiet, generally steady; domestic fleeces, 30 @ 34; Texas, 9 @ 24.

A big drop of 7 1/2 cents in June wheat and 4 1/2 in July wheat at Chicago from opening figures, announced in the New York Produce Exchange at 1 o'clock, created a temporary excitement, but seemed to meet a corresponding fall in this market. The drop of 2 cents in New York from the opening quotations refused to go any lower and the market remained comparatively steady. News of the failures of the Chicago firms caused some nervousness. At the close of the main session at 2 o'clock, June wheat went up 92 cents and July at 87 1/2. Final rates show an irregular reaction of 1/2 @ 1c, most marked on June.

Coffee was also featureless, but closing rate was an advance of 8 points. Sales, 170,000 bags.

Cincinnati Grain Mea Interested.

CINCINNATI, Ohio, June 15.—There was an interest among grain men on exchange in fluctuations in wheat. Chicago had but very little disposition to do business. But one sale of wheat was made at the call, July, at 79, which is 1/2 lower than was bid yesterday.

The Coffee Market.

New York, June 15.—The Coffee Market has assumed a natural tone and there was an excitement in trading at opening this morning. When the gavel fell for first call some hesitation was shown by buyers and early transactions were little below last night's closing prices. But in a few minutes hesitation disappeared and bidding became bold and prices advanced about ten points.

New York Wheat Market.

New York, June 15.—11 a. m.—There is nothing special in the wheat market up to this hour. Prices have been a little irregular, but there is absence of new features. The first sales showed a gain of 1/2 cent, but the realizing movement soon set in leading to a break of 1/2 @ 3/4. Speculative dealings are moderate and mainly of a scalping nature.

London Wool.
